Example presentation

A power point presentation having:

- Animations realised as individual slides (f.ex. by using PPSplit)
  - Notes on some slides

This is the first slide with content

- Slide number is still in sync with the number of pages
- Includes notes for the presenter

3rd slide with animation

- This slide contains the notes for the presenter, valid for the whole animation-series.

- First bulletpoint

3rd slide with animation

- This slide contains the notes for the presenter, valid for the whole animation-series.

- First bulletpoint

- Second bulletpoint

3rd slide with animation

- This slide contains the notes for the presenter, valid for the whole animation-series.

- First bulletpoint

- Second bulletpoint

- Third bulletpoint

4th slide

- This slide contains the notes for the presenter, valid
- This is page 6 in the PDF, but will be handled as slide 4
